Headcount by Field Match

This figure depends on a department-matching assumption, not a fact in the data. Confirm the mapping logic with the client before quoting this number externally.

Headcount by position

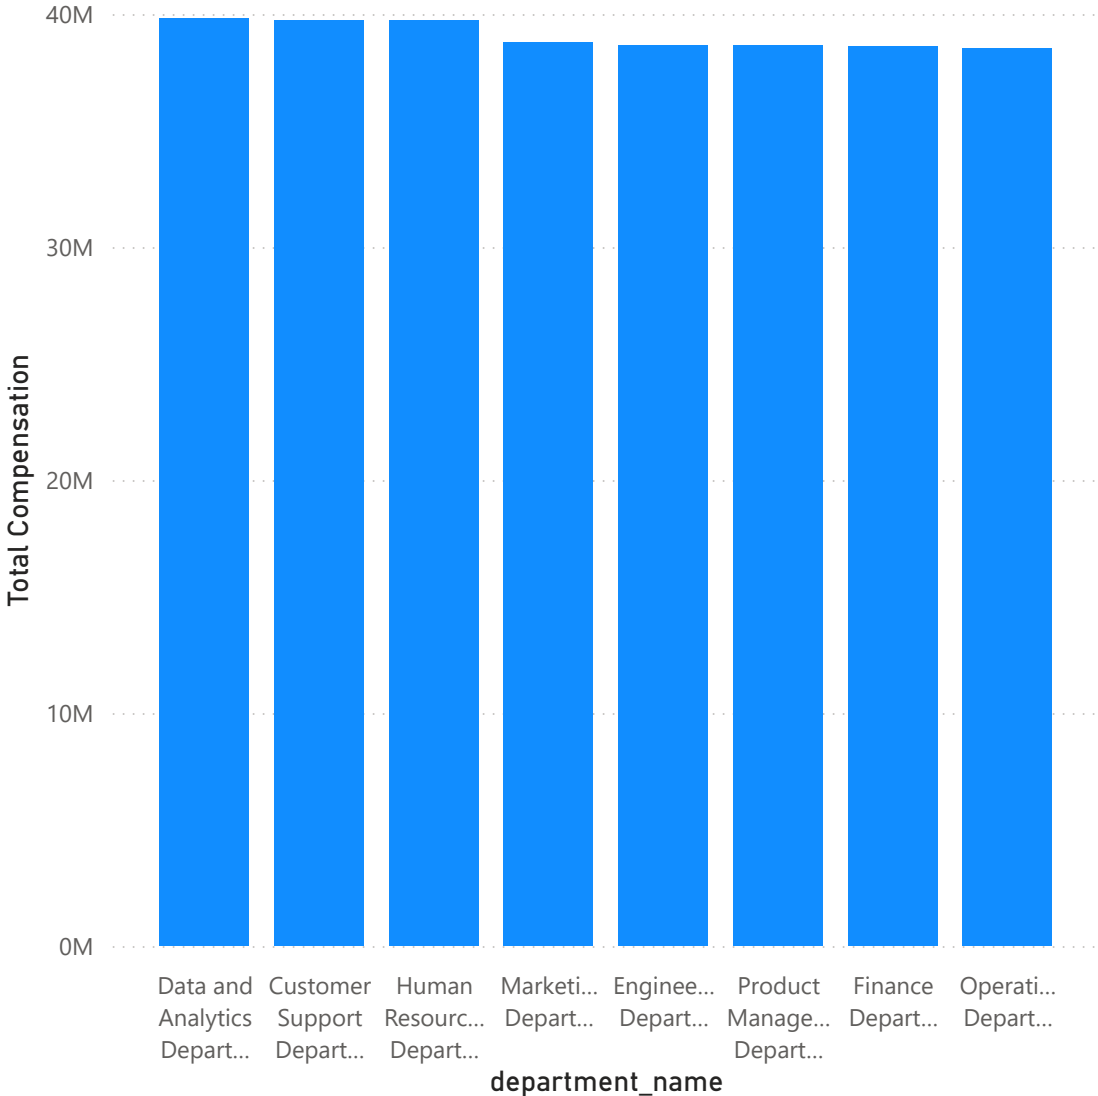

312,499,622

Total Compensation

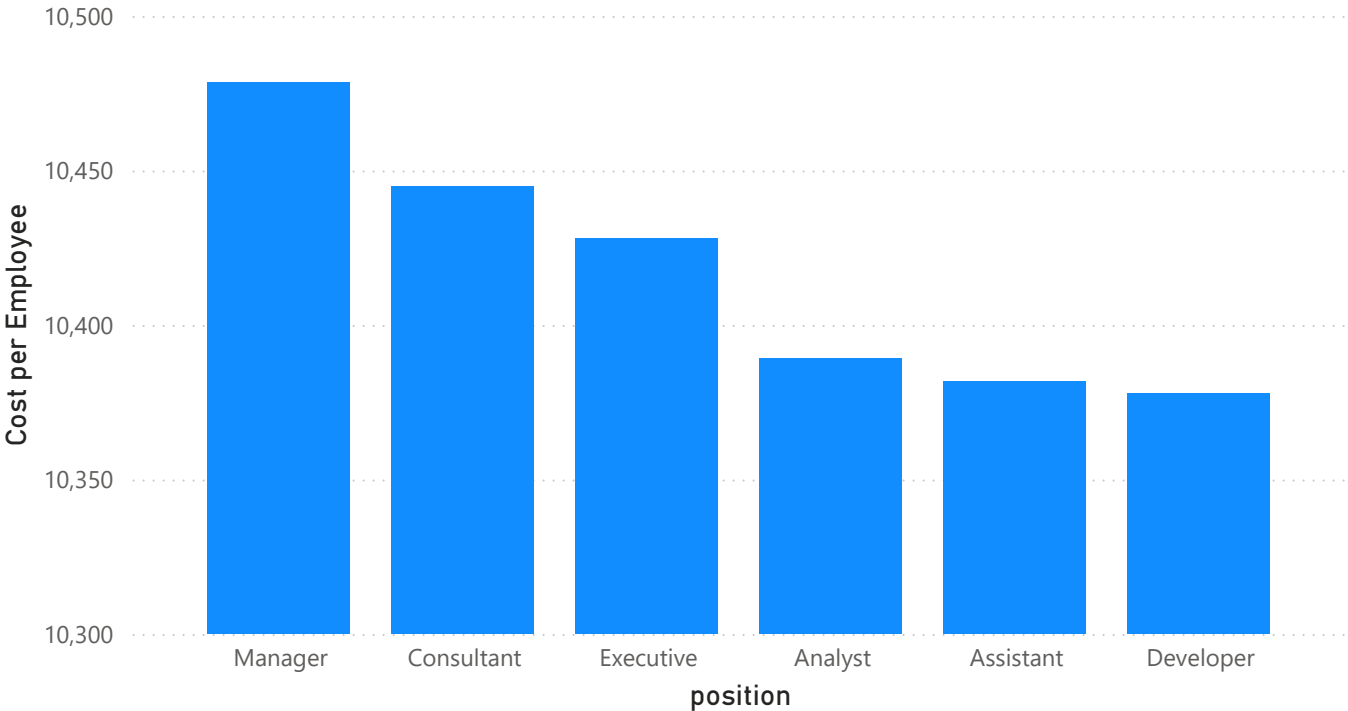

10,417

Cost per Employee

Total Compensation by department_name

Cost per Employee by position

Axis starts above zero to make the differences visible — the true range across all 6 roles is under 1%.
